

Tadiran Telecom this week announced their annual Business Partner meeting to be held in the Gulf (of Mexico) Region. In addition to inviting Tadiran resellers from around the world to New Orleans for a November 2010 event, Tadiran also announced a \$250 - \$2,500 rebate for customers affected by the Gulf disaster.

Tadiran Telecom VoIP telephone products and solutions are used by businesses of all sizes. In 2009 Tadiran resellers toured customer sites in Louisiana as a part of their U.S. Annual event. Tadiran Telecom Inc, CEO David Sopko comments, "the Gulf Region has not only been an area of success for Tadiran Partners, but is home to many of our customers, their employees and families. Although we have never repeated a host city for our annual event, we wanted to show our support for the region, and we genuinely enjoyed our time here last year."

As a part of Tadiran's efforts to help business who can use their VoIP technology, Tadiran is offering a \$250-\$2,500 rebate for customers whose primary location is in a coastal Gulf city of LA, MS, AL, and FL or whose primary business has been directly impacted by the disaster. Resellers and customers can find out more about Tadiran's Gulf relief program as well as Tadiran offerings at www.tadiranamerica.com.
